YOUR INVOLVEMENT SUPPORTS

Student Well Being/Belonging

Inclusive & Equitable Communities

- Student engagement impacts their own experience (e.g. creates experiences that are equitable and inclusive)

Systemic & Institutional Policy & Process Change

- Student education, engagement & advocacy yields awareness and creates momentum to support needs

OUR STUDENT PROGRAMS

All programs are available to those in PSV-sponsoring schools and select programming is available for non-sponsoring schools

PreK-8th Grade Social Pods

Grade level social pods are parent led and grouped by grade. They meet at least 5 times a school year (if not more). Clusters of pods enjoy activities to give children opportunities to connect while also building cultural pride and knowledge.

High School Advisory Council

The Council is comprised of a select group of nominated high school students from various private schools who are empowered to be the experts and architects of their own school experiences.

Summer Camp Program

The program, created in honor of Summer Medford, partners with established educational travel experts to create engaging educational experiences for families (launching in 2024).

Racial Literacy Skill Building Sessions

In partnership with credible organizations and experts, PSV annually provides opportunities for students to learn how to navigate racially stressful situations.

The Village Scholarship

This is a first-of-its-kind partial scholarship for outstanding Black and Latinx/Hispanic elementary school private school students from low-income households (launching during the 2023-2024 school year).
